## EDITOR, BUSINESS MANAGER FOR '39 ANNUAL ELECTED

Gurganus, Editor; McDaniel Business Manager and Class Head

George Gurganus of Chicago, Illinois was selected by the junior class at a meeting Tuesday to be editor-in-chief of the 1939 Petit Jean; James McDaniel of Flint, Michigan was chosen as business manager for the book.

In a separate election held following the year book officer selection, McDaniel was chosen as president for next year's senior class. This will be McDaniel's third successive year to serve as class president.

Gurganus and McDaniel both enrolled in Harding as freshmen and have attended here since that time. Gurganus, circulation manager for THE BISON, and for two years a member of the Press Club, is a charter member of the Lambda Sigma social club, a member of the Flagala state club, and was a member of the mixed chorus until it was recently disbanded.

McDaniel, besides serving as class president for two years, is a member of the Koinonia social club and for three years a member of the forensic league, president this year, and re-elected to that position for next year. This year he was a member of the Harding debate team which was awarded first place in the state debate tournament. He has been a member of the press club for the past two years. Last year he received training in business manager work by taking care of advertisement sales for the BISON during the early part of the year.

The remainder of the Petit Jean staff will be appointed at the opening of school next fall, Gurganus said.

Gurganus succeeds Clifford Cronin in editor's position and McDaniel succeeds Wallis Beasley as business manager.

## HONEST JIM SAYS:

Did you ever hear of a politician conducting a campaign without speaking any at all. That sorta sounds like a Republican making promises to the working men. Well anyway, Governor Bailey, in a speech at Piggott, said his re-election rests on the merits of his administration, and unless urged by friends in different localities he will not make one single speech. Of course, he probably has already arranged for these friends to invite him to visit them. A politician not speaking just sounds too good to be true.

Since my cousin isn't entering the gubernatorial race, I don't particularly care who wins, except I want Arkansas to continue to have a good governor. I won't give my definite predictions until the last two weeks before the election. I will say that in my preaching-tours over the state and feeling the public-pulse that it is changing in the direction of Bailey. He has shown himself a good loser, and people appreciate this. McNutt and Cook, his only opponents, will split anti-Bailey votes, thus, giving him a run for a large group of voters. His administration had done some worthwhile things of late, and Democrats have the assurance that he will support the president.

It won't be many years until I can enter the arena of politics and then I can predict election results—I hope. Anyway whoever wins in Arkansas—it is always a Democrat!

## McCALEB SELECTED BY SENIOR CLASS TO GIVE ADDRESS

Commencement Exercises  
Will Be Held  
June 2

J. H. McCaleb of River Forest, Illinois, will deliver the commencement address for the graduating class here June 2, it was announced today by Wallis Beasley, class president.

His first home in this country was at Louisville, Kentucky, where he remained until completing his degree from the University of Louisville.

At present, he resides in a suburb of Chicago and is an active member of the Cornell Avenue Church of Christ. He is employed by the Chicago and Western Electric Company.

## CROWNING OF QUEEN WILL CLIMAX EVENING

Tonight following the piano recital a dedication program for the 1938 Petit Jean will start, according to an announcement made in assembly this morning by Clifford Cronin, editor.

Although a week ahead of schedule, twenty or more copies of the yearbook arrived on the campus today and will be distributed tonight to those selected for the feature section and to those who were earliest in completing payment for their books.

The program will open with announcements of the theme and dedication.

Following this will be the announcement of the feature selection, which includes favorite boy and girl, best all around boy and girl, honor students, best athlete, and queen.

As these announcements are made, those receiving the honors will be presented with copies of the annual. Climaxing this will be the crowning of the Queen of the Petit Jean.

Annals will also be presented to George Gurganus and James McDaniel, editor and business manager respectively of next year's Petit Jean.

This program will mark the earliest dedication of the annual in the college's history.

Cronin stated that the remainder of the year books would arrive not later than Saturday. After that time, anyone who has completed both club page payment and personal payment may secure his copy.

## Our Sincerest Thanks.

In all probabilities next week's issue of THE BISON will be brought to you through the efforts of a new staff. Committees are now busy weighing the merits and possibilities of all eligible for the positions of editor and business manager, and unless the unusual occurs, these selections will be made and announced later in the week at a Press Club dinner.

In writing our final "30" for THE BISON we feel that through the co-operation of all connected with the paper we can say a successful year has been ours. Although we have fallen short of our aims in many respects we have also accomplished some of the things we set out for at the opening of school.

Through the assistance of the administration we have gained financial security by universal subscription from all students enrolled in Harding. Chiefly through the efforts of Neil B. Cope, faculty adviser, we have purchased and established an amateur engraving department. Our advertisers in Searcy have been considerate and have added more power to our organization by their co-operation. We have attempted and feel to some extent we have voiced the opinions of the students in our editorial columns.

Criticism this year has been mild and in most cases we believe that it has been constructive. We feel it entirely unnecessary to respond to those remarks made through unthoughtfulness but we do wish to extend our thanks to those who have assisted us their constructive criticism. Our thanks especially go to Claudia Rosenbaum, co-editor last year, who has contacted us throughout the whole year and continually offered to us pointers that make toward a higher rating paper journalistically.

We have enjoyed doing this work and we have no great complaints to offer. Whoever the new staff may consist of we ask that you offer to them the same spirit you offered to us and in conclusion we say "Thanks for reading."

—Zelma Bell and Sam Peebles.

## Do Your Final Work NOW.

Although more than two weeks of school remains, it is well to realize if you have not prepared your term papers and completed outside readings that right now is almost your last chance to do this work thoroughly. Preferring to stand by the fish pond and talk, or loafing on the lazy afternoons is without doubt far more pleasant but to complete a school year correctly the last few days should be reserved for affairs that are always scheduled at this season.

Get busy NOW and complete that work. Both you and your instructors will appreciate it after it is over.

It was a handsome, unattached senior boy that said this and since he has only two weeks left to gain an attachment I would like to help him out. Girls address all of your correspondence to P. # SPECTRUM

By Ama Lou Murphree

I like to stand at a window and look out upon a night filled with darkness and rain. It gives one a certain feeling of coziness, of security. To sit quietly and read while the rain pours unevenly down, brings peace and content. Sleeping on such a night is a soothing remedy. Dreams are sweeter and more peaceful. And then, comes morning, the world is fresh-scrubbed, the leaves are glistening, and the sky is blue as the first spring bluits. Yes, rain is indeed good.

Good luck and good wishes to our baseball team on its Lipscomb trip. We have a team that we can be proud of anywhere, and we await the game's outcome with high hopes.

I read a news "quib" last week that made me just plain old hopping mad. It was a "personality feature" about a rather prominent feminine novelist and, in recounting her past life, referred to the fact that she had formerly been the wife of a certain business man, but, when his business necessitated his moving from New York, "regretfully divorced him" because she preferred to live there. Such a statement, and such an attitude toward marriage, if it is general, is an uncompromising indictment against our modern society. This kind of attitude makes a farce of something that should at least be accorded all respect. I wonder how a person who knows no more of real life than that can write successful novels? Such an attitude toward life could surely lead to nothing but futility.

Ho hum! The only type of campus activity that doesn't seem to be affected by spring fever is "socializing"—or perhaps it is. Anyway, spring always finds us with a record crop of "courting couples."

Think for yourself. It's really quite worth while, as well as stimulating. Depending on others for your thoughts is boring at best. Besides, there are lots of good ideas in circulation, and you might contact a few. People who are governed like sheep, without considering the whys and wherefores, are not real men and women. Be vitally alive.

After four years at Harding, one naturally forms some opinions as to things that he thinks might be improvements. One thing that I have been particularly interested in, and about which I have spent many hours of thought, as well as worry, is our social clubs. It seems to me that in the boys' clubs, as well as the girls, we have many "club mis-fits." When this happens in a boys' club, the mis-fit merely resigns and, if fortunate enough to get a bid, joins the group of his preference. During four years at Harding I have known only three girls to do this. It seems to me that six weeks is not a sufficiently long period to judge personalities. I think perhaps it would be better to defer sending out bids until the beginning of the winter terms. It would at least be an interesting experiment.

# Between Scenes

By Jack Bomar

Flash . . . Winners of the best actor and the best actress awards in last year's Workshop tournament were as follows: Bill Medearis, best actor; Louise Terry, best actress. Bill Stokes was second best actor and Audrey Landreth second best actress. Alice Bryant and Eva Thompson were runners-up in the women's division and Ellis Copher and Granville Westbrook were runners-up in the men's division.

"Getting Acquainted With Midge" was the No. 1 play as previously announced in this column. The winner was directed by Virginia O'Neal and Bill Medearis.

The delay in the selection was due to the differences in the judges' opinions and final tabulation were only straightened out this week. Medearis, Stokes, Terry, Landreth, Bryant and Westbrook all appeared in the winning play. Copher and Thompson were in the cast of "Dying to Live."

Due to the demand for programs for the last of school "This Genius Business," third number to be presented by the speech department according to the lyceum course schedule, has been postponed until the last Tuesday night of the school year. The speech department will aid also in the completion of the lyceum course. Because of the impossibility for the music department to present their other complete number, it was agreed upon by the speech department to help out by presenting the one act play that was entered in the state Little Theatre tournament this year. The music department will complete the program with a musical interlude. This will be the final of seven lyceum numbers.

# Tennesseeans Held To One Hit As Bisons Win, 5 to 0

Pitching hitless ball until the last inning, "Preacher" Roe held the Bethel College nine from McKinzie, Tennessee scoreless while his teammates pounded out five runs and 12 hits off the Tennessee team. Roe struck out 18 men out of the 32 that faced him. In the last inning White, Bethel second baseman, drove a double down the left field line for the visitors' only hit.

Harding scored a run in the first inning when Robert Vann hit a home run over the left field fence. In a wild third inning, the Herd made four runs off five hits and an error. Miller and Watts hit doubles in this inning for the best hits in this rally.

Bethel had six men to get on base as a result of one hit, two walks, two errors, and one hit by a pitched ball. Roe had little trouble during the game, allowing one man to reach third base.

The Bisons collected hits in every inning but the second and fourth. Every man on the team got a hit, with "Doug" Miller, Robert Vann, and "Tige" Carroll each getting two hits each.

This is the first game to be played in the new park since it was dedicated "Benson Park" last week honoring Dr. George Benson, president of the school.

The two teams will play another game this afternoon at 3 o'clock. "Tiger" Carroll will pitch for the Bisons and Crockett will toe the mound for the Tennesseeans.

# Herd to Make Three Day Road Trip To Tennessee

Friday morning at 4 o'clock, the Bison baseball team will leave for a three day trip in Tennessee, playing a return game with Bethel College on Friday and a game with David Lipscomb College Saturday. Coach Berryhill announced that the entire squad will make the trip. The pitching selections for the two games have not been announced yet but "Tiger" Carroll will probably pitch against the Bethel boys Friday and "Preacher" Roe will more than likely toe the mound against the Bisons of David Lipscomb, Saturday afternoon. The squad will return Sunday.

# Bisons Defeat Tech, 3 to 2 In First Game

The Bisons defeated the Arkansas Tech nine at Russellville last Tuesday afternoon by the score of 3 to 2.

"Preacher" Roe toed the mound for the Herd, allowing five hits and striking out 13 men. This is the fourth win against one defeat for Roe this season.

Harding collected eight hits off two Tech pitchers, Anderson and Elrod. "Doug" Miller, Herd second baseman, hit a double in the sixth inning for the only extra base hit of the game.

Tech took a two run lead in the second inning on a walk by Hickley, a sacrifice, a hit, and two errors by Harding. Roe then kept the Wonderboys under control for the rest of the game.

Bill Landrum, "Doug" Miller, and Roy Roe led the batting with two hits each.

# Netmen Lose Two Matches To Hendrix

The Bison tennis team lost two bouts to the Hendrix team, one Tuesday, May 3, and one Friday, May 6. In the first engagement, the Bisons took one match out of five, but they did not win a match in the return engagement.

They played first at Hendrix, with the teams well matched. Every match went into extra games. Robert Brown, number three singles man for Harding, took the Bisons lone match in the series by defeating Finn, 7-5, 12-10.

In the return engagement, the Hendrix team took every match with little trouble. In the doubles match between Cronin, Blansett and Wayland, Hardin the Bisons took the first set, 6-2, but lost the next two sets by the scores of 6-4, 6-2.

## STATE TRACK MEET

The state track meet turned out to be a dual affair between Hendrix and Tech with Tech coming out only eight points behind the highly favored Warriors. Harding made 17 points, which was probably more than they were seeded to make. R. T. Clark scored eight of the Bisons' points with a first in the 220 and a second in the 100. Clark did some fast stepping in the preliminaries in the two events. He won his heat in the 100 in 9.9 time and slowed down the last 20 yards to look at his opponents. He did the same thing in the 220 and ran it in 21.9. If he had sprinted all the way, two records would have probably been broken.

Morgan beat him in the 100 by a matter of inches. Hogan took second in the mile only because he misjudged the type of race this Reed boy from Tech was used to running. Reed sprinted the whole last quarter and Hogan's sprint wasn't enough to catch him. The Herd took third in three relays for the other six points.

Clark was going good in the Cotton Carnival until he was disqualified in the semi-final race for jumping the gun. He won his heat in the preliminaries and was favored to place in the finals had he

not been so anxious to get going.

## BASEBALL

The team batting average of the Herd was reduced a few points in the past two weeks games. At the last recording the team had a .265 average and, at present, the reading stands at .255. Roy Roe, Doug Miller and Bill Landrum are the only boys that have increased their averages. Roy came up from a .285 to .333. Doug advanced from .318 to .333, and Bill, finally came up to a .181 from the .066 he was batting. Tige Carroll dropped a few points but still has a .400 average.

To climax a successful season, the team is to make a road trip this Friday into Tennessee. From all indications, Preacher's "trusty left arm" is creating a sensation in our neighborhood states also. This trip to Lipscomb should be made an annual affair just as the arrangement in basketball.
